

**Most Incredible Grassroots Report Headline of 2015:
Silent **Anti-Gravity** Airliner Technology
based at Albany New York Airport (ALB)
repeatedly stalk & drop things on New
York Resident continuously for weeks in
October and November 2015 (video proof)**

This is 1 report that everyone should copy/send to others, and read in full, *as soon as possible*.

The photos above show the same jet shown landing above, as it still still **parked in the sky for several minutes**, just across the street of the Albany INTL airport before it decided to land. You can watch the video here: https://www.youtube.com/watch?v=aF4X_oCnPHk (as long as youtube doesn't agree with the evilarchy to censor it - or delete Michael's "RadioEast1" channel.) Michael plans to keep these video files hosted indefinitely. This video has also been securely posted here:

<https://archive.org/details/VideoEvidence-AlbanyNyAirportAnti-graviticTechnologyNwoMilitary>

Please download and/or repost it to make sure everyone around the world has a chance to see the clear evidence that anti-gravity technology exists and the system/government is still hiding that fact from us. They appear to have no intention to allow the people to benefit from this technical ability other than spying and stalking and perhaps abducting us with it. This is one of the reasons that this incredibly powerful technology should be openly, freely, and publically debated. Could the 'light bulb' be patented? If US taxpayers pay in full or in part for this, information on how this works should not be withheld from them; nor should the public be limited from experimenting and maximally benefiting from this, only sensible regulations regarding airspace safety should be implemented. There is no copyright issue, Michael filmed these with his own camera, from a street view in the nearby sky from where he was standing and openly observing matters in the sky, and has published his videos on Youtube and elsewhere into the public domain.

Near the end of this report, on page 24 through 41, is a full visual frame-by frame video analysis, second by second - as you can see in time code, and also verify in the recorded video: https://www.youtube.com/watch?v=aF4X_oCnPHk - that a large airliner-shaped craft is silently levitating in mid-air across the street from the Albany Airport, silent and still and about 200-300 feet above the ground; freaking out those drivers passing under and to the side of it.

Summary: *A fellow in upstate New York (YouTube channel: "RadioEast1") has recently filmed many videos of Military Industrial Complex ANTI-GRAVITY SILENTLY LEVITATING CRAFT now levitating in dusk/daylight, but mostly at night, in full public (yet most everyone is presumably not-paying-any-attention-to-it) view. The SHADOW-STATE appears to have at least a dozen or so ANTI-GRAVITY JET-shaped craft stationed at the ALBANY NEW YORK INTERNATIONAL AIRPORT and perhaps elsewhere already. HELICOPTERS ARE NOW OUTMODED. The shadow-state Military Industry Complex has ANTI-GRAVITY modules/boosters/lifters -> no spinning rotors or any air movement is needed.*

{ Update: Here is he is stalked on November 9th all the way home from work, over 9 miles, over the course of a half-hour, by two anti-gravity military industrial craft. He also notices multiple people on the side of the road who are also witnessing the craft:

See for yourself: ---> <https://www.youtube.com/watch?v=Q2ski-aCHnY>

He then has conversations with the fellow New York citizens, and they also testify that they clearly see these anti-gravity craft gliding around about a half mile away from them at about 400 ft about the ground. Multiple citizen witnesses are currently witnessing these craft, launched from the ALBANY INTERNATIONAL AIRPORT silently hovering low in the night sky near between Clifton Park and Albany New York. }

The following is a compilation video of SHADOW-STATE ANTI-GRAVITY STALKER (SCOUT) craft hovering far around ALBANY INTERNATIONAL NY AIRPORT, mostly during the night, but sometimes in daylight/dusk:

Please view this early November 2015 produced compilation video and download/record extra copies to prevent censorship =====> <https://www.youtube.com/watch?v=t6qheKQBwXI>

Dear fellow *non-traitor-sympathizing* patriotic Americans and other fellow people ,

Would you help break the most incredible news story of this era between yourselves *via emailing each other*? - because this corrupt system isn't going to share this with you otherwise. It might have to be done mostly through EMAIL as the establishment controlled fake news outlets (ABC, CBS, CNN, etc.) would most likely only censor this important information.

HELICOPTERS ARE NOW OUTMODED. The shadow-state Military Industry Complex has ANTI-GRAVITY modules/boosters/lifters -> no spinning rotors or any air movement is needed. Logically, this is HUGE NEWS, eh? (No propulsion of air is necessary.)

It's all right there in this fellow's compilation video that he just posted earlier this evening. Please have a 13-minute look through the above YouTube link into the future of [private shadow-state illegitimate government] aviation, stalking and spying, "new world order" intimidation, suppression of the public, and covert kidnapping, etc.

SO HEADS UP fellow people of the planet! Here is proof that we are now in a full-bore science-fiction reality with ANTI-GRAVITY-CRAFT taking off, gliding around, and landing daily at the ALBANY, NEW YORK, INTERNATIONAL AIRPORT (!)

<https://www.youtube.com/watch?v=kbjx2lbcUb0> (*A fighter-sized jet parked in the sky at night with lights on, MOTIONLESS, before its very slow linear descent into ALBANY Airport, obvious ANTI-GRAVITY propulsion in order to PARK it STATIONARY AND SILENTLY in the AIR.*)

I am writing you and others domestically and internationally for help in reporting what is happening to one man from Albany New York as he is under surveillance/stalking by the shadow-state military, possibly the first citizen under such large-scale and overt levitating military craft surveillance stalking.

He is just a DOWN TO EARTH (pun intended) 45 year old bus driver from New York, and for the past several weeks he has been spotlighted-by and filming silently hovering craft in the late evening, night, and early morning sky. There is no doubt they have been observing him filming them as the craft pilots (if the crafts are not drones? - yet a telescope would be needed to see that detail if these small-to-large craft are actually manned) point their craft and spotlights directly at this fellow, for many minutes at a time, dozens of times already, and all on the video as chronologically posted to his excellent ["RadioEast1"] YouTube channel.

In this new video from yesterday night a large GRAVITY-DEFYING-CRAFT flew over him with about a dozen *DOWNWARD POINTING* SPOTLIGHTS.

The craft chose to fly directly above his head, apparently in an attempt to frighten him, which it did, --->>>> **then the large jet anti-gravity plane PARKED ITSELF** silently **ON TOP** of an **ELEMENTARY SCHOOL** across the street from him as he filmed on November 4th, 2015. Think about that...

Can a large jet hover silently above an elementary school for several minutes? It has been all recorded on video! **RED ALERT!** SUPER ADVANCED ALIEN-INVASION-TYPE TECHNOLOGY is being used upon and on-top of us!

<https://www.youtube.com/watch?v=IUvYzsgnWiE> (*Jumbo-sized ANTI-GRAVITY jet directly over his head with spotlights on, at about 400-500 feet above ground level (agl) - then it slowed down, banked around, and PARKED itself in the air SILENTLY 10-20 FEET ABOVE of an ELEMENTARY school (!) across the street from where he was standing.)*

<https://www.youtube.com/watch?v=QfzdcfOopjw> (*We, our nation, are under shadow-state tyranny; Buck-Rogers/Star-Wars style - WITHOUT our GENERAL KNOWLEDGE OR CONSENT(!))*

May God help us. This is NO JOKE. It is clearly documented reality. This makes me feel our days are already truly numbered less than a year. Please help alert others of what is going on today. PLEASE HELP SEND SOME REPORTERS HERE ASAP. These ant-gravity craft should be investigated more. { Bring HD cameras with zoom or a telescopic lens - sometimes there are a half-dozen visible in the night sky at a time! }

The citizen journalist will gladly escort arriving journalists to where they craft can be filmed; as they are apparently on a mission tracking and following him as a test surveillance subject.

This is his YouTube channel: <https://www.youtube.com/user/radioeast1/videos> (*that he surely doesn't ever plan on willingly taking down (removing) anytime in the next year*)

Please utilize/condense/edit the following text for your writers to produce similar articles for your websites/papers/reports.

**** Those behind these flights and their bosses, probably think of us as some form of lower species -- now that they have these advanced technologies all to themselves. The non-open disclosure of these craft in our skies is currently setting a dangerous precedent. ****

[Please download these and his other video reports for safe keeping. Even though they are now flying them around in daylight in public view, they might still be in “Area 51” Cover-up-mode.]

Where is the media? Shielding us from corruption and state secrets? Or covering-up the biggest stories for their bosses/owners in the upper establishment pyramid? Where are the good/real media outlets within all this insidiously-censoring-commercialized-press?

This SHOULD BE A HUGE PERSISTENTLY SENSATIONAL STORY, but the controlled corporate news media monopoly certainly is not “allowed” to report on it.

This naturally should be one of the biggest stories of the decade. We have now visibly entered a “Star Wars”, Darth-Vader-ish, era/saga. Think about how EPIC this Fall/Winter 2015 is, especially in this regard. Better to wake up Early and demand public access to inspect these craft - rather than burn in Blade-runner type camps later (!)

Our society is being dominated by a monopolistic criminal mafia. We are also all being physically poisoned through atmospheric spraying of "CHEMTRAIL" COAL-POWERPLANT-ASH lines criss-crossing our skies daily. Part of the reason why is that so many corrupt press institutions fail to rigorously point out this SLOW/INCREMENTAL BIOLOGICAL ECOLOGICAL HOLOCAUST to their viewers!

Only an ALERT CITIZENRY can stand up together against such CENTRALIZED INSANITY. But the press has been keeping the public uniformed, discombobulated, fearful, weak, unorganized and ineffective to even question much less dissent against this encroaching alien-invasion-like military surveillance state.

There is a real "war of the worlds" going on above our heads every day now, in broad daylight caught on film. And if you don't like you and your family getting incrementally poisoned with toxic metals with every breath everyone takes, every day, -> then forward this report. <https://archive.org/details/MassPoisoningOfThePeopleReport> (**also google "chemtrail" images for visuals or just LOOK UP in the sky above your house**) EXERCISE YOUR FREEDOM MUSCLES and FORWARD this REPORT to DOZENS of OTHER PEOPLE apiece TODAY, every day, just like you received this, and are reading this new story now.

Make sure this letter gets FORWARDED and this information PUBLISHED! It's just not your right, It is your DUTY to inform our fellow AMERICAN and CANADIAN citizens! This should be the HUGEST NEWS report/story of our current times...

The youtube link below is a recent video days ago in Albany New York - at the city airport the MILITARY INDUSTRIAL COMPLEX has obviously taken over -> **a big jetliner, LEVITATING IN MID-AIR, flying at "0 (ZERO) to 20" miles per hour**, with a surveillance spotlight shining brightly straight down *below* it, ready to land on your house or business any day now - to take you and your staff to an underground containment facility. Maybe or maybe not - but these type of creepy silent anti-gravity craft could be used for for sneak renditions of key JOURNALISTS and WHISTLEBLOWERS. So everyone post this on your blogs, blow the whistle and Journalists publish and distribute this wide and far. Think again... why else would this jet need a POWERFUL SPOTLIGHT SHINING down directly *BELOW* it?

Perhaps they are just carting the global elites around. Probably not. One of the points is that we don't know what the purpose of these anti-gravity jets and SILENTLY HOVERING FIGHTER-PLANES are for IN OUR AMERICAN SKIES; *and we haven't even been lied to about it yet* - so far the public has received only COMPLETE SILENCE a month after these Albany public immersion flights have already began in OCTOBER 2015.

Filmed in daylight in the 3rd week of October:

<https://www.youtube.com/watch?v=IKvv2bxxCVU> (*Large advanced "jet" moving 10-20MPH (over 100MPH too slow to stay aloft!) - takes over 1 minute to fly 1 mile (less than 60mph)*)

Again, what you just saw there was levitating craft (made to look like a mid-sized jet airliner) hovering (PARKED IN THE AIR) in daylight - then it starts moving forward, say 10mph, then 20mph, SLOWER THAN A CAR driving. It takes over a minute for this mid-size "jet" to fly 1 mile. Think about that!

A jet airliner CANNOT fly at 60mph. It would instantly stall and dive-bomb to the Earth!!! It can't stay aloft in less than 140-180 mph. Shouldn't the public think this is a huge story and demand admission from the gov/shadow-gov/system? The people in this country don't have a right to know what kind of crafts are flying about their heads and neighborhoods?

What is the intent, and what is also being sprayed into the air by the CREEPY AND CRIMINAL ROGUE GOVERNMENT? What happened to "We The People" state of "common sense" or consciousness? Are we being governed through our "consent"? No, we are being subjected under scientific dictatorship, and we MUST THROW an UNCONSTITUTIONAL LAWLESS ROGUE OVER-TAXING GOVERNMENT OFF OF US !

We must utilize these technologies for the public benefit - not harm! Public Transportation, emergency airlifts, especially to tight areas that helicopters cannot fly into. There are many good uses for ANTI-GRAVITY technology; and we must make laws against the abuses of such technology. A fresh and trustworthy government system could keep public anti-gravity craft on SAFE and APPROVED lanes in the sky using GPS with accurate ALTITUDE SENSORS.

Here is this hero fellow citizen's YOUTUBE CHANNEL of the recent citizen filming of government/military UFOs: <https://www.youtube.com/user/radioeast1/videos>

From what I see currently going on, with the public's apparent apathy about so many important issues - maybe it is better to focus more on maximally enjoying time with our families, because it really does seem that it will be 1-2 years (or sooner?) before the governments might really go bananas all over us with their covert, but now overt, advanced transportation & weaponry technologies.

It is obvious to this one writer that, humanity, we the 7 billions of "little people", are being totally incrementally totally enslaved by some POWERS-THAT-SHOULD-NOT-BE. Only an awake and alert citizenry can control it - and that is highly unlikely that is going to happen as people like to pretend they are in their own careless world of nightly entertainment, endless sports, and other more trivial distractions.

In other words, it is probably best to live like we only have a couple of months or years left - before the governments really scare the sh*t out of us, launch physical attacks, and screw us all up, or enslave us, hardcore. I have that suspicion because how **they have been doing so much in secret - now even flying these silent and low flying levitating crafts around without any EXPOSURE FROM the COMPLICIT COMMERCIAL MEDIA.** The public should and must wake up and ARISE to this for a war, or holocaust, not to happen.

This should be allowed to be freely spoken of at work, in offices, around the water-coolers all across our country. **WE DEMAND ACCESS AND FILM CITIZEN DEMONSTRATION FLIGHTS AND WE MUST INVESTIGATE THIS ISSUE FULLY.**

**** *Those involved in the anti-gravity program more-than-likely **think of us as some form of lower species** that they can pick on - now that they have these advanced technologies all to themselves.* ****

If you are more awake than that, then **SEND THIS MESSAGE AROUND THE WORLD**, and we will find out what percentage of non-cowards, vigilant and up-right people with a backbone, there may be out there.

Or the average person might feel like they are being overpowered by robbers with guns, and the careless American majority is deciding to cozy up with them instead - like scared hostages. However, if so, who do they think is going to liberate them from an Orwellian Militarized Police State? Other corrupt governments? Aliens? If the government/system is doing the robbing, who is there to bust the bank robbers holding the American people hostage?

Only the American people can overthrow their oppressor; but many are too old to care, too trained and conditioned to be prisoners in their elementary schools and colleges - too bankrupt under too much daily stress to think or act together straight. But are they even able to use their mouse-clicks to forward this message to others?

However, this message should be duplicated billions of times all over the internet if we have a chance to stand up to this and put these technologies to proper use - such as DRIVER-LESS LEVITATING CARS or public transportation LEVITATING BUSES (for safety). It is there at ALBANY INTL AIRPORT right now, the technology is proven and it exists - for us to grab hold of, in numbers, if we want to have access to this technology and not be only forever gridlocked in traffic patterns on the roads.

DISTRIBUTE this information out however you know best, most effectively, ok?

Again, in summary, a group of anti-gravity craft pilots are currently literally tracking this one man nightly for the past month (*youtube channel "RadioEast1"*) who has cared enough to film and report on them for weeks. They hover near him and put their spotlights right on him - the crafts are pointed directly at him. <https://www.youtube.com/watch?v=5P2rmjFaJyA>

Michael has caught these large levitating craft **HOVERING BEHIND TREES**, etc.
<https://www.youtube.com/watch?v=Kbc8xpoeukw>

He has dozens of sighting videos, some of them quite close-up. I've watched them all, they are real videos, and he is a real, and brave, and hero citizen journalist - **a real Paul-Revere-like legend already.**

The pilots of these anti-gravity craft are obviously fully aware of him, as evidenced in these short sighting videos on his channel. They regularly follow him home from the airport: https://www.youtube.com/watch?v=4sWPy4UkY_4 and cross the highways at angles directly in front of his parked car on the side of the highway with SIDE-VIEWING spotlights directed at his car. These pilots obviously know he is video taping them. The crafts probably have long-range facial recognition cameras and can shoot him with a laser beam - or worse, a particle beam, too, if they were currently allowed to fire / target-practice on innocents. I am waiting for them to put a red laser dot on him from a 1/4 mile away just to scare him.

Here is his youtube channel: <https://www.youtube.com/user/radioeast1> (*20-30 clips of this man being monitored-chased by military levitating craft taking off and landing from an undisclosed hangar facility at the Albany International Airport.*)

AIR TRAFFIC CONTROL @ ALBANY INTERNATIONAL AIRPORT is OBVIOUSLY being QUIET and COVERING THIS HAPPENING UP - they now "PARK" jets/planes in **STATIONARY LEVITATION** hold before the **ANTI-GRAVITY** planes slowly angle down. The citizen reporter, RadioEast1 (youtube) shows one "jet" parked STATIONARY IN THE SKY for a couple of minutes, then slowly landing.
<https://archive.org/details/VideoEvidence-AlbanyNyAirportAnti-graviticTechnologyNwoMilitary>

Please see his youtube channel for dozen more amazing sighting videos. And pass this on to your viewers and mail-list so we can start all waking up more to the OUR-OF-CONTROL SYSTEM and the REAL THREAT that we are under.

With and In Trust, We have safety in numbers,

George J.

p.s. As an added report, here is a link to a scientific study, a 17-page PDF, credentialed/peer-reviewed, evidential, report on the various particular particulate contaminants in typical CHEMTRAIL/geoengineering spray DUST which has been SPRAYED UPON US ALL - over all major American cities - even all on the thug and otherwise good cops and their families, the cover-up meteorologists/weather-reporters, the GAGGED COMMERCIAL PILOTS (who are fully aware of the spraying jets up there dangerously flying un-patterned/un-controlled and without using transponders).

It turns out the main ingredient in the the atmospheric spraying is TOXIC ASH leftover from COAL POWER PLANTS - known as Coal "Fly" Ash. The EPA forces containment of the ASH at coal power plants under fines, then allows for it to be shipped to the shadow-state government air force of TANKER SPRAY JETS to be sprayed into out air to MURK-UP AND POISON OUR SKIES ACROSS the ENTIRE COUNTRY, even over Hawaii, and in various other parts of the world for over a dozen years already and slowly NEUROLOGICALLY POISON ALL OF US and our ecosystem with ALUMINUM OXIDE, Al_2O_3 and 10 other toxic elements and other unknown compounds, Barium, Strontium, even Uranium, etc...

Google this: Kids/Small-children are even getting **ALZHEIMERS's** today from the **ATMOSPHERIC TOXICITY**.

Is the media capable of alerting and waking up the people to ANTI-GRAVITY planes and holocaustic-tendencies of the out of control constitutionally-toxic ILLEGITIMATE-GOVERNMENT and DEPARTMENT of OFFENSE and the un-elected rogue, threatening, and MURDEROUSLY CONSPIRATORIAL SHADOW-STATE?

If you think these words are exaggerations, Not! Think again... If there was a full-bore alien invasion from outer space going on, would the typical knucklehead out there still can only thinking about turning on the commercial-censoring-press TV programs and talking about the current week's football and fantasy football games instead?

People, you will never get to ride in an anti-gravity craft if we do not take hold of this - during this period in time.

HERE IS THE LINK: <https://archive.org/details/MassPoisoningOfThePeopleReport> (*a 30 some page PDF, credentialed/peer-reviewed, evidential, report on the contaminants in typical CHEMTRAIL/geo-engineering spray dust composed by a retired, and noble, nuclear scientist - truly a great patriot and man.*)

**** This group - The Military Industrial Complex and the "elites" - probably think of us as some form of *lower species* -- now that they have these advanced technologies, developed on our backs financially, and hidden from our view, all to themselves. ****

However, this much more advanced and INCREDIBLE ALIEN BAT-WINGED CRAFT was filmed over "New Boston" Ohio on October 24th, 2015...

Close-up Ultra Creepy Alien Craft Sighting: <https://www.youtube.com/watch?v=UQNvkJPigiQ>

Perhaps if we are under threat from real aliens, possibly hostile - then this now Open-Secret Militarized anti-gravity fleet development might actually come to Earth's/humanity's timely rescue? - Identifying and possibly chasing/fighting-off a hostile alien threat from outer space? That would be highly ironic.

Or possibly the visiting aliens in this bat-winged alien craft view our own GOVERNMENTS - AS HOSTILE to the INNOCENT, -> us <-, -- and possibly such an alien force is planning to be and could be our liberators? That would be strangely divine.

Or perhaps the military is working with, or perhaps already under the command of alien invaders? That would be most likely... that our fellow human being oppressors are possibly enslaved by extra-territorial forces, who are potentially in treaty with untrustworthy deep-state power elites?

If aliens are hell bent on making war with humanity, we should try diplomacy first, but if necessary we will have to fight them, befriend some of their soulful defectors, learn their technologies and weaknesses, and grow strong enough to fend off any threat of extraterrestrial invasion or enslavement.

Diplomacy would be essential though. The US military were like an alien invasion force to the hapless citizens of Iraq, and the million+ defenseless Iraqi people with an inferior defense were slaughtered and blown apart in the most inhumane ways imaginable. If WE as a PEOPLE can't stand up to even human-being-oppressors - how could we ever manage to defend our home planet from a future alien agenda?

Again, think about the mass chemtrailing problem again - have we really no respect for ourselves? **Do you really think the SPRAYING of billions of tons of TOXIC COAL POWER-PLANT LANDFILL ASH from over a century of power production is really a justifiable matter?** Look how the "nightly news" hasn't ever reported on this atrocity.

People like "Leslie Holt" and "Brian Williams" are **knowingly cover-up artists; nor should such characters be ever trusted again.** Let them work useful, less powerful, less trustworthy jobs. **These characters cannot be trusted and do not deserve the public's trust.**

But for today - do you and media outlet family members just want to continue to be poisoned with everyone else - now making children develop Alzheimer's syndrome? (google **"Alzheimer's rise in children"**) - including all your families and every child you know and see - or do you want get this huge story out all over the world and help put an end to all this TOXIC CHEMICAL DUMPING IN OUR SKIES - a case of mass societal insanity?

This is the full scale of serious/critical issues we face, except for cosmic events such as asteroid impacts or solar flares. But just on the topic of a future solar flare, for the \$2.5 Billion the government has already wasted on that 243 foot helium filled SPY BLIMP that floated away and crashed into power-lines cutting power to over 20,000 American households in October - and just meant to spy on citizens, could have been infinitely more wisely spent instead on protecting/grounding our national power grid from EMPs and solar flares.

People - we need to wake up and take control of our crazed and out of control system from the obvious elite power-crazed lunatics that have infiltrated our institutions and are

ruling us. **We need a new system.** Speak of the **GRIP ("(G)OVERMENT (R)E-(I)NSTALLATION (P)ARTY")** solution to others, or through forwarding them this text.

No establishment-controlled puppet candidate from the Bush or the Clinton to Trump or Rand Paul or Ben Carson crew is going to mention these issues to you. If they did, they already know they would be instantly threatened and any such admission would be censored in the cover-up complicit corporate press. We must throw off and REPLACE (RE-INSTALL) this SYSTEM by getting our minds out of the parameters and control of this corrupted system DICTATORSHIP.

There is a video and mp3 speech concerning how we can logically get back to constitution peace, sanity, and prosperity once again.

Michael ,

Check out rutherford.org. They are the best civil rights organization in the United States – much more legitimate than the ACLU. They are also located not all that far from you – but they help hire pro-bono attorneys, and your case is absolutely historic and classic. I’m going to copy John Whitehead and his colleague Nisha on this letter.

But feel free to call them: Phone: (434) 978-3888 (8:30 AM - 5:00 PM EST)

Fax: (434) 978-1789

Email: staff@rutherford.org

Also The Intercept (<https://theintercept.com/> - tips@theintercept.com) has contacted me and said:

Thanks! We received your document

"Emergency-PublicDomain-Article-1st-Persistently-Anti-Gravity-Military-Stalked-Man.pdf". along with the cover-letter - basically the text of this letter. They also said they are going to post it in their forum for their affiliate journalists to come up to speed with your story. You should be hearing from other journalists from around the world soon. Can you send me the link to the video and the time-code on it so I can see the things those pilots have been dropping on you. I remember you holding the camera in your front yard of your house and you having to dodge something that one of those anti-gravity pilots was was dropping or ejecting onto you, but then it didn't seem you could pick it up from the ground?

Call the Rutherford Institute today and leave a message, then try them during business hours tomorrow... Phone: (434) 978-3888 (8:30 AM - 5:00 PM EST) Fax: (434) 978-1789

" Did you tell that person what was going on? Do you know who you spoke to? "

I called the 1800-256-9231 number 40+ times before I got through. It took me 4 hours of trying to call them. Some kid finally answered the phone - I told him it was emergency and try to let him know what was going on - But - he quickly put me on hold - When he got back on the phone - He ask for my information and said someone would call me back - that was 4 hours ago.

I will try again tomorrow - What is the regular caller number?

"I don't know why they are procrastinating calling you"

They may be scared of this story or maybe they need more proof?.- I don't know...

It's a hard pill to swallow...

The US military is now using anti-gravity commercial air planes to track and possible abduct people. I when to a local news paper call the Schenectady Gazette and talk to report gave him all the information. I will call him tomorrow.

If you only knew that crazy shit that has happened to me in the last 6 weeks. They have try dropping these white orbs at me and I have it on video - This is some crazy star wars shit going on in the sky.

I think launch a civil rights lawsuit against the Albany Airport for disclosure may be needed to get this story off the ground.

Subject: Albany NY Airport = Anti-Gravitic Technology NWO Military Airbase Public Installation - additional information

Michael , That is good to hear. Did you tell that person what was going on? Do you know who you spoke to? Things are kinda hectic in that office, and it is Austin, so they can be slackers at times. Otherwise the best thing to do is call in as a regular caller, it might be 20-60 minutes of waiting, then you'd be on live radio with Alex. You can download the infowars show archives an hour after each show hour through gcnlive.com I don't know why they are procrastinating calling you - you are sitting on top of one of the all-time biggest news stories going on above our heads (at least yours, that is) in the whole world. 80% of the people on the planet are interested in UFOs. By any chance did the SecureTeam fellow email (or call) you back? As you well know, aliens have antigrav too, lol. I'd like to hear more about your childhood abduction - it is no wonder why you are the most concerned about the potential use of this silent levitation technology. Alex should really have you on as a guest for a half hour. You can apply for a job as a report there too at jobs@infowars.com or through the infowars.com website. They also have a contact form. infowars.com/contact. I'm going to copy George Norry of CoastToCoastAM again. He's really busy/distracted too, but he loves big UFO stories. Please tell me how the call to infowars went. You are a hero, but unfortunately hero's don't get paid in this evilarchy; Edward Snowden in another example. He is still stuck in Russia. (see recent article on him here: <https://theintercept.com/>)

I'm also copying the Rutherford Civil Rights Institute, because another aspect of your story is that you Civil Rights are being violated by these PeepingTom anti-gravitic surveillance/scout crafts following you around and stalking you around your subdivision. Maybe they will do a story on you, or maybe launch a civil rights lawsuit against the Albany Airport for disclosure on what is really going on there, and claims for damages, for getting you upset, interfering with your work, making you lose your bus driving job, emotional suffering, etc. Please write every 2-3 days so I know they haven't abducted you to the nwo prison city under the Denver Airport.

Also: cc Red Ice radio. Infowars and CoasttoCoast would really be dropping the ball in a goofy way if they don't call you asap.

Hi Paul Watson of PrisonPlanet.com ,

I wish I was that cute blonde police officer behind the desk at near the Bilderberg conference in Austria, and I would perhaps better to peak your interest right away. lol

But now that I might have your attention - the fact is that there are levitating jumbo jets parking themselves in mid-air, silently with big glaring spotlights, before silently hovering around just a couple of hundred feet above the ground, over the Albany New York, should peak anyone's interest. Look how many decades people have been waiting for this to spring out of AREA 51.

This is the first public display, yet unannounced, of Star-Wars-like AnTi-GrAvITy. This is probably the biggest technological leap, well more revolutionary than the leap from propellers to jets.

This fellow, Michael Weise, is also the first test surveillance target of this fleet of craft stationed at the Albany New York airport. He is filming them, but they for several weeks straight have followed him around and pointed their crafts and spotlights directly at him, and right above on top of him. He has it all filmed. If you watch his videos, that become clear. Several of his commenters on his video has also written comments that he is unmistakably being tracked and followed around, usually each night - ironically making it easier for him to capture activity of these craft on his video camera.

I have listened to infowars since 2002. We actually know each other on good terms, but I don't want to tell you my name because I'd rather help Michael report his videos to the alternative press anonymously. It's not about me, it is about these anti-gravity crafts and it is definitely about Michael. It has been about two weeks since I notified infowars about this story and Michael's need for some press coverage. Please do contact him today.

You know how to reach/call Alex. This is a huge story, and Jakari and Joe shouldn't be in Louisiana at some university, they really should be up in New York filming these anti-gravity craft hover around and park themselves in the air as they survey the area in their semi-clandestine and undisclosed operation. The world's people could greatly benefit from the technology and no doubt their tax money (debt) funded the development of this at AREA 51, et al. Imagine how anti-gravity vehicles could revolutionize public transportation, save traffic congestion and highway deaths.

Please do take the time to watch Michael's videos. And please call Alex to recommend that he at least send Wayne Madsen out to interview Michael. If you would be so kind to call Michael yourself. He really needs some help from the alternative media. He is not able to go to the controlled matrix media with this incredible story and his current dilemma of being stalked by these craft wherever he goes around his suburb and Albany. His life may be in danger, and he needs the help of the alternative media to blow this story wide open, and nobody could help with that better than infowars.

Subject: Nov 2015 Evidence Videos of Active Albany New York Airport (ALB) NWO Anti-Gravitic Technology Airbase

EPIC EVENT - Large Anti-Gravity Surveillance Craft with very bright spotlights with telescopic cameras being rolled out onto the American public, first in the state of New York.

MAXIMUM MEDIA COVERAGE URGENCY REQUESTED

TheSecureTeam reporters, InfoWars Radio, CoastToCoastAM radio, and All Real, non-censoring [aka. alternative], news outlets,

Our brethren fellow US citizen, Michael Weise (home phone: 518 383-6933), is capturing the most amazing videos each night for the past couple of weeks. This really needs our attention, and he needs the spotlight of the alternative media put

on him too. Please first see his YouTube channel ("**RadioEast1**") @ <https://www.youtube.com/user/radioeast1/videos> , Then call him at 518-383-6933. He has amazing recent experiences, and all on video.

Highly advanced large NWO anti-gravity crafts in the shape of commercial airliners of various sizes are LEVITATING out of, being silently PARKED STATIONARY and SILENTLY in the air/sky around, and are slowly descending into the Albany INTL airport regularly and at a remarkable rate, silently, dramatically filmed dozens of times on video. Apparently perhaps more than a dozen large hyper-advanced ANTI_GRAVITY craft have been actively stationed there at New York's ALB airport - and being used for yet unknown/clandestine purposes.

This is obviously an Huge/Epic story to report on. This is much like the beginning of a real-life Star-Wars, or Blade-Runner. type saga on Earth. Think about that.

Can reporters with sensitive high definition cameras, be dispatched right away to the perimeter of Albany NY Airport during dusk and evening hours? He has a mid-grade camera, but he has captured these craft glide directly over his head, just a couple hundred feet above ground level - with near HD clarity.

Here is a video from the evening over November 10th. Please view today:

https://www.youtube.com/watch?v=aF4X_oCnPHk (and please download and PRESERVE A COPY of this startling video using a youtube video download application)

The Anti-Gravity Craft Stalked Citizen Journalist who is being stalked by the shadow-state air force for over a month (and Albany New York Bus Driver) can be contacted through his email address: Eastcoast20066@aol.com Please do not delay in reaching out to him. He needs the help of the alternative media to help him bring this incredible discovery out to the public.

<https://archive.org/details/1stPersistentlyAnti-gravityMilitaryCraftStalkedMan> (a 14-page detailed report about his recent video recordings of these large anti-gravity craft quite obviously and in some technical manner stalking his location - the craft appear to be following and specifically surveying him as a test subject.)

Here is his youtube channel active of 11/11/2015 that should not be censored:

Thank you - I really needed the help in reporting this story - I am ready to release my information to the public as I have nothing to hide. I want to add that I am X CDTA bus drive because of this Tyranny in the sky I had to quit my job. This has been going on for many months - I still have my CDTA ID with a good picture to use in the story?

Please let me know what I can do to help Share this info? I will leave my information below. Thank again for helping me...

Please keep sending out these emails I will be hitting the streets tonight documenting more videos.

Notes: I do not use a cell phone and I have used multiple cars to film these videos. I believe I was chipped when I was abducted as a kid - that's another story **To Be Continued....**

After several minutes of levitating there, it slowly moves forward, only then turning on some jet noise (meant as as a disguise - as real jetliners make tremendous jet noise), moving slower that the car traffic on the road, it takes a full 30 seconds for this jet to slowly travel about 4 city blocks to the airstrip. As it passed over the road, it appears its speed was only 20-30mph.

Albany International Public Airport [ALB] Ownership Information for concerned citizens and alternative (and even commercialized) media :

(Beware of their motives for lying and covering-up of this information, In other words, expect lies from ‘officials’ , and the censoring big-corporate media – who have for so long lied about and covered-up what really happened, and why it was planned to happen that way, in Sept 2001. 10’ s of millions of people have learned otherwise.

The biggest “theory” over 9-11-2001 is the government’ s story.

“AREA 51/Groom Lake/Dreamland” where this anti-gravity technology was in part secretly developed and tested for many decades is no “theory” either, despite the government’ s decades of lying to the public and promoting that real facts are just ‘conspiracy theories’)
